National Make A Difference To Children Month

In honor of National Make A Difference To Children Month, we're highlighting the **JA Economics for Success®** program. This exciting program gives middle school students the information needed to build strong personal finances, a cornerstone to a happy, secure life.

JA USA research has shown that 45 percent of Junior Achievement alumni say JA influenced the way they manage their finances. Not just this month, but every single day, Junior Achievement's mission is to inspire and prepare young people to succeed in a global economy.
