

# Junior Achievement<sup>TM</sup> of Southwest Florida

*Our Mission is to inspire and prepare young people to succeed!*

## Class Is in Session, Let's Make It Count

As classrooms fill up across Southwest Florida, our students are ready to learn, grow, and dream big. At JA, we bring real-world learning to life from personal finance to career exploration, and none of it happens without you.

This school year, you can **volunteer** in a classroom or **donate** to fund hands-on lessons in financial literacy and workforce readiness.

Let's start strong together. Explore ways to get involved below!

## Welcome New Neighbors with Purpose

Every day, families are making Southwest Florida their new home, and many are looking for a way to connect and give back.

If you know someone who just moved into the area, why not introduce them to JA? Getting involved is a meaningful way to meet others, learn about the community, and make a difference in the lives of local students.

There's something for everyone to be part of.

## Support Career Readiness That Works

The JA Pre-Apprenticeship Program is a hands-on experience that helps students graduate with the certifications, confidence, and clarity they need to step into the workforce or pursue higher education.

This year, we're inviting local businesses and individuals to invest in that journey. Your support helps cover program materials, guest instructors, job-shadow opportunities, and more.

If you believe in preparing students for life after high school, this is your moment to make an impact where it matters most.
